Surveyor's Report

This Plat is based on a survey made on the ground May, 2024.

Monuments shown as found on this survey were accepted by this surveyor as controlling evidence due to substantial agreement with Record Documents.

Substantial Discrepancies between Record Documents and conditions as found on the ground were uncovered on this survey. Previous surveyors apparently did not locate Sanders and Twichell original monuments and placed the North line of Tract 25 12-15' North of the correct line.

This plat was prepared without the benefit of a Title Commitment. Easements and/or Restrictions other than those shown may apply.

Bearings and coordinates are based on the Texas North Central Zone Coordinate System. NAD 83, as determined by the HxGN Smartnet Network.
